6.	THE PERSON: QUALIFICATIONS, EXPERIENCE, KNOWLEDGE & COMPETENCIES	4
7.	OUTLINE OF JOB DUTIES & RESPONSIBILITIES	4

1. JOB PURPOSE

To provide the highest possible standard of specialist palliative care to patients and families/friends that is consistent with the core values and ethos of St. Francis Hospice Dublin. The Enhanced nurse must comply with the Nursing and Midwifery Board of Ireland's Code of professional Conduct, with particular reference to accountability for his/her practice. The Enhanced nurse will be expected to rotate to all areas within St. Francis Hospice Dublin: this includes both day and night duty as required.

2. ACCOUNTABILITY

The position reports to and is accountable to the Director of Nursing/Assistant Director of Nursing or other designated officer in all matters relating to the job.

3. KEY DIMENSIONS

Direct reporting to the Clinical Nurse Managers.

Key relationships that will influence the success of the role: Multidisciplinary Team Members.

4. OPERATING ENVIRONMENT

Contractual Hours: 37.5 hours per week

Hours of work: Detailed of starting and finishing times will be as per the agreed roster as advised by the line manager. Contracted hours of work are day and night shifts over seven days to meet the requirements of the services in accordance with the terms of the Framework Agreement (Implementation of Clause 30.4 of Towards 2016).

Location: This position is based in SFHD; however, SFHD operates across two sites: Raheny & Blanchardstown. In the interest of patient care and changing needs, candidates are required to be flexible and are obliged to carry out duties in any department or location of the Hospice or associated locations when required to do so by the Director of Nursing/Assistant Director of Nursing.

As St. Francis Hospice Dublin is an expanding service, the demands for services can change and it will be necessary to meet these changes throughout the organisation. In such circumstances, it may be necessary to review the work location for this post and, on behalf of the Board of Directors, the Leadership Team reserves the right to change the terms and conditions as necessary. However, notification will be given of any such changes.

Garda Vetting: The successful candidate will be required to satisfactorily complete the Garda Vetting process prior to a formal job offer being made.

5. SALARY SCALES, ANNUAL LEAVE & PENSION SCHEME

Salary Scale: Department of Health - Consolidated Salary Scale (1st January 2024) – Enhanced Nurse scale.

1	2	3	4	5	6	7	8	9	
41,952.00	44,411.00	45,724.00	46,734.00	47,846.00	49,327.00	50,770.00	52,948.39	54,498.92	LSI

Annual Leave: 26 days per annum pro rata.

Pension Scheme: Your post, position, or office is pensionable for the purpose of the Single Public Service Pension Scheme (the “SPSPS”)

6. THE PERSON: QUALIFICATIONS, EXPERIENCE, KNOWLEDGE & COMPETENCIES

PALLIATIVE CARE COMPETENCIES

Domain 1 – Principles of Palliative Care

As an Enhanced Nurse caring for people with life-limiting conditions, you should:

1. Understand and recognise common trajectories of life-limiting conditions.
2. Understand the impact that psychological responses, social stressors and spiritual dimensions to loss may have on the mental health and decision making of the person with a life-limiting condition and their family and take this into account when planning care.
3. Understand, recognise and address pathological responses to loss, which may impact on the mental health and decision-making of individuals and families.
4. Provide education to people with life-limiting conditions, their carers and colleagues in the context of your role and at an appropriate level.
5. Take cognisance of the potential role of specialist palliative care services in supporting staff in other agencies to provide a palliative care approach to persons with a life-limiting condition.

Domain 2 – Communication

As an Enhanced Nurse caring for people with life-limiting conditions, you should:

1. Be able to assess the person's current understanding of their health status.
2. Be able to address questions regarding diagnosis and likely prognosis in an accurate and empathetic manner, taking account of the person's needs and wishes, and referring where appropriate.
3. Understand that the communication of information, which fundamentally changes the person's understanding of their situation and/or influences their decision making or planning is an on-going process and not a single event.
4. Recognise and contribute to the management of potential conflict in decision making in the context of palliative care.

Domain 3 - Optimising Comfort and Quality of Life

As an Enhanced Nurse caring for people with life-limiting conditions, you should:

1. Be able to assess a person with a life-limiting condition and recognise the role of palliative care in enhancing that person's care.
2. Be able to describe common chronic illnesses, the expected natural course and trajectories, common treatments and complications.
3. Be able to assess and manage uncomplicated symptoms associated with life limiting conditions using guidelines and standard protocols of care and in the context of current scope of practice.
4. Demonstrate and ability to assess and manage common symptoms associated with life limiting conditions (pain, nausea, constipation, vomiting, cancer cachexia, fatigue, sweating, fever, breathlessness and cough).
5. Be able to recognise, plan and implement the care and management of potentially reversible causes of clinical deterioration.

6. Be able to recognise and assist in the provision of immediate care of emergencies that may arise in the palliative care setting (e.g. spinal cord compression, hypercalcaemia, major haemorrhage), and know when to escalate.
7. Be able to anticipate (where possible) and recognise a need for change in the focus of care and treatment goals at critical decision points in the course of a life limiting condition.
8. Be able to help the person with a life-limiting condition and their family adapt to a transition from life prolonging treatment to a focus on palliative care.
9. Be able to anticipate, recognise and respond effectively to signs and symptoms of imminent death.
10. Take a lead in providing guidance and support to the individual and their family, preparing them for what to expect during the normal dying process.
11. Ensure last offices are attended to in the context of the individual's beliefs, culture and religious practice.
12. Understand the process for verifying and pronouncing death.
13. Be aware of circumstances where a coroner's examination is required.

Domain 4 - Care Planning and Collaborative Practice

As an Enhanced Nurse caring for people with life-limiting conditions, you should:

1. Be able to facilitate and participate in key events in the care of the person with a life-limiting condition, such as family meetings and advance care planning.
2. Demonstrate ability to recognise that the person with a life-limiting condition may lose capacity to make decisions at end-of-life.
3. Understand that in situations where a person lacks capacity to make decisions, the enhanced nurse acts as an advocate to ensure decisions made are in the best interests of the person and follow the current Code of Conduct for each Enhanced nurse.
4. Be able to address questions regarding issues of organ donation or post mortem.
5. Understand the importance of timely referral to primary care and palliative care teams in the management of the person with palliative care needs.
6. Demonstrate an awareness of the need for communicating with primary care teams and other teams that may impact on the delivery of care to people with life-limiting conditions and their families.

Domain 5 - Loss, Grief and Bereavement

As an Enhanced Nurse caring for people with life-limiting conditions, you should:

1. Demonstrate an understanding of normal and pathological responses to the diagnosis/prognosis of a life-limiting condition and an ability to address the immediate management of such issues or make appropriate referral.

Domain 6 - Professional and Ethical Practice in the Context of Palliative Care As an

Enhanced Nurse caring for people with life-limiting conditions, you should:

1. Be aware of and act according to the current code of professional conduct for Enhanced nurses, as it applies to the care of people with life-limiting conditions.
2. Demonstrate an understanding of the difference between managing a life-limiting condition and providing end-of-life care.

7. OUTLINE OF JOB DUTIES AND RESPONSIBILITIES

St. Francis Hospice and your Line Manager will set out your standard duties and responsibilities.

General

1. Comply with the Mission Statement, Ethos and Values of St. Francis Hospice Dublin.
2. In addition to your normal duties and those documented in the job description, you may be required to undertake other duties appropriate to your position and within your scope of practice, including deputising as appropriate.
3. Practice Nursing according to the Code of Professional Conduct as laid down by the Nursing Midwifery Board Ireland and Professional Clinical Guidelines.
4. Work within his/her scope of practice and take measures to develop and maintain the competence necessary for professional practice.
5. Comply with national, regional and local guidelines, policies, protocols and legislation.
6. Familiarise yourself with statutory regulations relating to the custody and administration of medications.
7. Maintain a high standard of professional behaviour and be accountable for his/her area of practice.
8. Maintain appropriate and accurate written/electronic nursing records and care plans regarding patient care in accordance with local/national/professional guidelines;
9. Ensuring compliance with Health and Safety procedures in relation to all Hospice activities.
10. Contribute to and comply fully with the St. Francis Hospice Dublin Safety Statement including safe working practice as laid down by the Safety, Health and Welfare at work Act 2005 and any other relevant legislation.
11. Be aware of the principles of risk management and be individually responsible for risk management/health and safety issues in their area of work.
12. Promoting patient advocacy and maintain patients' privacy and dignity.
13. Present and act in a professional manner at all the times.
14. Foster and develop a spirit of teamwork and participate in team-building activities.
15. Maintain a high standard of work performance, attendance, appearance and punctuality.
16. Be responsible for planning and implementing of the highest possible standard of palliative care to patients and their families/friends, being mindful of their physical, psychological, social, spiritual and cultural needs.
17. Working effectively as part of a multi-disciplinary team.
18. Participate in committees and working groups as requested.
19. Participate fully in audit, standard setting, quality assurance, research projects and clinical supervision.
20. Co-operate with developments arising from of the review of nursing in all areas.
21. Participate in clinical governance structures within the organisation.

22. Co-operate with the implementation of the agreed new structures developed to support the strategic plan of St. Francis Hospice.
23. Co-operate with the introduction of new ICT systems relevant to your area.
24. Work closely with colleagues across St. Francis Hospice and the health services in order to provide a seamless service delivery to the patients.
25. Staff on enhanced nurse contracts will support changes to rosters as required.
26. Contribute to the development of the unit through participation in ward meetings and handovers, multidisciplinary meetings and psychosocial meetings.
27. Participate in development reviews.
28. This post is one of those designated in accordance with Section 2 of the Protection of Persons Reporting Child Abuse Act, 1998. You will remain a mandated person for the duration of your appointment in this post. You will, on receiving a report of child abuse, formally notify the Designated Liaison Person. If a disclosure is made outside of working hours, the Senior Line Manager on duty is responsible for co-ordinating the response to Tusla and/or the Gardaí.

Education

- Take responsibility for your own competency and learning and development needs and actively contribute to the learning and development of the wider nursing team.
- Actively engage in continuous personal development and mandatory training.
- Develop and use reflective practice techniques to inform and guide practice.
- Participate in the clinical/workplace induction of new nursing and support staff.
- Contribute to the identification of training needs pertinent to the clinical area.
- Develop teaching skills and participate in the planning and implementation of orientation, training and teaching programmes for nursing students and the nursing element of education for other health-care staff as appropriate.
- Developing clinical teaching skills and participate in the planning and implementation of orientation, training and teaching programmes for nursing students and other health-care staff allocated to the service e.g. Preceptorship;
- Participate in regular performance/clinical reviews with his/her line manager.
- Any course sponsored by the Hospice will be with the understanding that the individual is prepared to share the information with colleagues for the enhancement of the service.

Administration

- Ensure that records are safeguarded and managed as per SFHD policies and in accordance with relevant legislation
- Work closely with colleagues throughout the organisation to provide a seamless service delivery to the patient within SFHD and also with relevant external Healthcare professionals.
- Maintain professional standards of data protection and confidentiality at all times in line with local policies and Data Protection legislation.
- Contribute to ongoing monitoring, audit and evaluation of the service as appropriate.
- Accurately record and report all incidents and complaints to appropriate personnel according to local service policy.

Carrying out any other reasonable duties, appropriate to the office that may be required from time to time.

The above job description is not intended to be a comprehensive list of all duties involved and consequently, the post holder may be required to perform other duties as appropriate to the post, which may be assigned to him/her from time to time by the CEO or other designated officer. The post holder will contribute to the development of the post while in employment.
